

Common Configuration: Covers For Ironing Table

Layer 1: Fabric Cover	More breathable and durable
Layer 2: Non-woven Felt	Prevent dust and have good absorption
Layer 3: Silicone Foam	Long lifecycle
Layer 4: AL Mesh or Perforated Foam Pad	High temperature resistance

For example, see below:

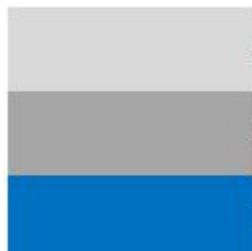

For your Naomoto ironing tables, our suggestions are as follows:

Layer 1: #20 Aramid Fabric Cover (White)

Layer 2: PE-W-1 Felt

Layer 3: DH-20 Blue Foam (6mm)

Layer 4: No need here

Layer 1: #20 Aramid Fabric Cover (White)

Layer 2: PE-W-1 Felt

Layer 3: DH-20 Blue Foam (6mm)
